LING RINPOCHE

Date 13 October 2018

It is my pleasure to see the accomplishment of this very important new website, [www.gompaservices.com](http://www.gompaservices.com), which brings together more than forty of the major monasteries and nunneries from India and Nepal, to make their valuable services available and easily accessible for devotes and followers around the globe.

This is a wonderful example of modern technology being used in the best possible way. For more than a thousand years, the monastic institutions have provided essential guidance, support and protection to our community, through Dharma teachings, empowerments, pujas, prayers and other ceremonies. This tradition is now being continued in an unprecedented way through this website, for the benefit of the Tibetan global community and all international friends and followers of Tibetan Buddhist, and ultimately for the benefit of all beings.

The success of this project is due to the skilful and sincere efforts, over more than 3 years, of the non-profit organisation, 'Tibetan Monastery Services'. Due to their kindness, and with the support of senior Lamas from all the Tibetan Buddhist traditions, important public teachings, empowerments and other ceremonies offered by all of the major monasteries will now be available to view online. This is an outstanding achievement, and I hope and pray that countless beings will benefit from this opportunity to engage with the traditional Tibetan Buddhist Dharma.

I would like to express my gratitude to all those who have supported the development of this excellent service.

With prayers for the continued success of this project and all virtuous Dharma activities,

Ling Rinpoche
